Our Mission

We provide financial services to assist students in realizing their dream of graduating on time from The University of Haripur.

Our Vision

We will use all the resources at our disposal to ensure that finances do not prevent qualified students from earning University degrees.

Our Values

- Educational success is essential for the betterment of students' lives and society.
- Our office is committed to student and institutional success.
- Vision and innovation are critical to our effectiveness in an ever-changing environment.
- Openness, honesty, and teamwork promote better student service.
- All individuals should be treated with empathy and respect.
- Successful delivery of financial services is our passion.

Our Goals

- Package financial aid to support the University's mission to recruit and retain a high quality, diverse class.
- Maximize sources of governmental, institutional, and private funding for students.
- Provide personalized, timely, quality service to our customers and each other.
- Educate the public and policy leaders about student funding needs.
- Promote effective student money and debt management.
- Expand and enhance opportunities for student employment.
- Manage our office with integrity and fiscal responsibility.

Objectives

- To provide a broad range of job opportunities which will help provide students with transferable job skills, personal growth, leadership, networking, and feeling a sense of belonging at the University of Haripur.
- To provide students with employment opportunities that not only provide them with experience, but help them contribute to what is a vital part of our University operations.
- To foster student career development through a variety of employment options along with programs that will enhance what they learn on the job

Preface

Driven by the University motto “Restoring Hope; Building Community”, the office of Student Financial Aid aims to strengthen our society by promoting education, learning, and research. This is possible to achieve only, if we take along meritorious students irrespective of their social and financial constraints. The level of support through scholarships and financial assistance programs is unparalleled compared to Universities of the province established during 2013.

Office of Financial Aid in pursuit of achieving excellence, presents this document as a resource for the University community. It provides the current sources of financial aid and scholarships and analyze future requirements with the expansion of University and its student base. The report depicts the efforts and roles of the University and the donor organizations in helping students and their families to finance their University education.

Some of the Highlights during Academic Year 2014-15

- **478** Students have been awarded Need and Merit based scholarships and financial assistance during fiscal year 2014-15. **Rs. 9.9 million** has been disbursed under different financial aid programs. The total outlay of the scholarship awards from each source for full degree program is **Rs. 33.56 million**.

- Gender equity has been ensured in allocation of scholarships. Out of 470 students, 170 female students have been awarded scholarships / financial assistance.

- Rs. **5 million** have been provided by the HEC for Needs Based Scholarship for fiscal year 2014-15 for 17 students of graduate and undergraduate program both. Additional Funds of Rs. 5 million have been also allocated by the HEC Needs Based Scholarships for the Session 2015-16.

- Selection of University of Haripur for Phase III (2014-18) and Phase IV (2015-19) of HEC French Needs Based Scholarships

- Signing of MoU with Ihsan Trust for interest free Loans / Qarz e Hasna for Students of University of Haripur.

- Signing of Agreement with British Council for Pakistan Scottish Scholarships for Young Women. **Rs. 1 million** released for the financial assistance of 09 female students for the duration of the degree program.

- Signing of Agreement between Hashoo Foundation and University of Haripur. Around 500 books related to science, literature, Environmental Sciences, Information Technology, Science Fiction and Mathematics has been donated for the library of University of Haripur.

- **Rs. 0.670 million** disbursed to **150 students** under the Tuition Fee Waiver Program for orphans, sibling rebate, and physical challenged students of University of Haripur for Session 2014-15 from University's own resources.

- 100 students of graduate and undergraduate program have been shortlisted in July 2015 for the award of merit based scholarships for fall / spring semesters 2015.

- Under the initiative of Khyber Pakhtunkhwa Government, two students from the undergraduate program from University of Haripur have been selected for the interprovincial youth exchange program.

- One student of management sciences selected for the student visit to the Peoples Republic of China for cultural exchange program.

- 318 laptops have been distributed among the students of the undergraduate and graduate program at University of Haripur on the basis of their excellent academic record.

- Shortlisting of University of Haripur for the undergraduate and graduate Merit Based Scholarship program session 2015-16 by the Carmudi which is an online portal company of sale and purchase of vehicles working in 15 countries.

- Shortlisting of University of Haripur for the undergraduate and graduate Merit-cum-Needs Based scholarship program by Hashoo Foundation for the session 2015-16.

Our Donors

University of Haripur currently receives Financial Aid from different government, private trusts, foundations, and foreign donor organizations. An overview of these donor organizations is given below.

A. Federal Government of Pakistan

Poverty alleviation is one of the priority areas of the Government and higher education is recognized as a significant contributing factor towards economic growth and human development in a country. The Government recognizes that it can be achieved by making quality education accessible to talented students of all economic background. In this regard, the present government has embarked upon a successful and commendable program in which the students of backwards areas of FATA and Gilgit-Baltistan studying at various Universities were given financial assistance under the "Prime Minister Fee Reimbursement Scheme"

Further incentive by the current federal government in its support to promote and encourage literacy and was distribution of laptops to the talented Graduate and Undergraduate students throughout all universities of the country.

B. Government of Khyber Pakhtunkhwa

The Government of Khyber Pakhtunkhwa is actively supporting the cause of poverty alleviation by uplifting the marginalized segments of the society through accessibility and affordability of Education. The Government, through its Departments, Directorates, and Corporations are successfully funding the Needy students. The key departments in this cause are:

- The **Zakat and Usher department**, Peshawar, is successfully administering the MORA scholarships for the poor and needy students of the Province by giving handsome scholarship amount on six monthly bases till the completion of full degree program.

- The principal function of **Frontier Education Foundation** is promotion and development of education in private sector in KPK through financial help and other measures. Frontier Education Foundation launched scholarship scheme for the poor and deserving students of KPK. The basic criteria for this scholarship are based on Merit-cum-need basis. The foundation annually gives scholarship amount to the selected students.

- Similarly the **Directorate of Agriculture Extension** is administering the Graduate scholarships for the FATA students enrolled in different Universities of Khyber Pakhtunkhwa.

- The role of **Political Agent Offices** is also vital in securing the interests and needs of the poor students by financial supporting them. The Political Agent is disbursing stipends to the FATA students to enable them to meet their necessary expenses in pursuit of academic goals.

C. Higher Education Commission, Islamabad

HEC continued to support by providing opportunity for talented students who are financially disadvantaged and are incapable of meeting higher education costs at partner institutions /universities in all disciplines through Needs-based scholarships. University of Haripur is privileged in this regard having received 7.58 Million Rupees during fiscal year 2013-14 and 2014-15. Moreover, for fiscal year 2015-16, HEC has already pledged 5 Million Rupees for over 30 Needs-based scholarships for students of University of Haripur.

D. French Government Scholarships

Government of France through its Embassy in Islamabad offered scholarships for the studious but unprivileged students of Pakistani Universities. The MoU in this regard by signed between the then honorable Ambassador of France to Pakistan His Excellency Philippe Thiebaud, Chairman HEC, and Vice Chancellors of selected Universities. The objective of the MoU is to support the students on the bases of financial destitution. These scholarships are offered in the fields of Social Science, Business and Architecture to the students of top Pakistani universities.

Fig (1)

Signing of MoU between French Government and HEC for Phase IV Scholarship Awards

E. German Government Scholarships

The German Government through its Embassy in Islamabad signed a MoU with HEC in 2013 according to which the under privileged students of Pakistani Universities are being supported through Needs-based scholarship awards. The excellent gesture in this regard was recently initiated by the German Embassy in which the German scholarship holders from different Universities of Pakistan were invited to visit the German the Embassy with the German officials.

Fig 2

An interactive session between German Officials and the German Scholarship Award Holders from University of Haripur at German Embassy Islamabad.

F. Scottish Government Scholarships

The Pakistan Scottish Scholarship Scheme is a grant funded by the Scottish Government, specifically in order to create opportunities for young women in Pakistan to be able to pursue higher education at the post-graduate level. The scheme aims to facilitate and provide assistance to young women from disadvantaged backgrounds to pursue a Masters' degree in Pakistani universities. The scholarships are administered by British Council Pakistan.

G. USAID – funded Pakistan Reading Project

The United States and Pakistan launched the Pakistan Reading Project, marking the beginning of a five-year, $160 million investment in reading education in Pakistan. Funded through the US Agency for International Development (USAID), the project will improve the reading skills of 3.2 million children across Pakistan, build the capacity of 94,000 primary school teachers, and provide over 6,000 scholarships to train aspiring teachers.

Fig 3

H. Diya Pakistan

A professionally managed charitable organization is working on eradicating poverty through promotion of literacy. Since 1988, Diya has reached out to talented, financially distressed students with more than 235,000 merit scholarships value in excess of Rs 425 million (approximately US$ 4 million), enabling them to continue their education.

I. Hashoo Foundation

The Hashoo Foundation has a long standing heritage of philanthropy dating back to the last six generations. Established in 1988, subsequently two further charities were set up. In 1994, Umeed-e-Noor was founded to provide comprehensive education, therapy and boarding services to children with special needs. In 1999, Hope was established for the Oppressed and Powerless (HOAP) to provide social welfare, vocational and soft skills development and education.

1. Institutional Scholarships

The institutional scholarship program was started with the aim to help and motivate the talented as well as the needy students to be able to pursue their academic goals by overcoming their financial constraints. Under the umbrella of this program there are several scholarship programs which are being funded by university own resources.

University of Haripur Merit Based Scholarships (For Board Toppers)

To ensure that the outstanding students enter the gates of University of Haripur, a policy has been approved to offer the merit based scholarships for students Undergraduate and Graduate Program who have secured either First, Second, or Third Position in their respective boards.

University of Haripur Merit Based Scholarships

To promote competitive academic environment to encourage outstanding students, University of Haripur has initiated a policy to offer merit bases scholarships at undergraduate and graduate level from fall 2015 from its own financial resources. The scholarships will be renewable upon maintaining and sustaining previous academic positions and fulfilling the criteria at each successive level/semester extending over the entire period of undergraduate and graduate study program. **In 2014-15, around 241 students have been shortlisted for merit based scholarship awards.**

University of Haripur Sibling Rebate Scholarships:

To encourage major portion of the community towards education and increase enrollment in higher education sector thereby contributing to national development goals being set at Vision-2025, the University of Haripur offers a rebate on tuition fee component for the siblings of current students.

The students were taken for visit to the different Universities, heritage, and government departments of the Punjab. The purpose was to give exposure to the students regarding the different cultures, trends, functions of government and to create an environment of leaning and recreation both.

Fig 10

Donation of Books by Rotary Books for the World and Hashoo Foundation

An agreement has been signed between the Hashoo Foundation and The University of Haripur in March 2015 under which almost 500 books related to History, Literature, Computer Science, Biological Sciences, and Environmental Sciences were delivered for the Library. In addition to that there were also books of science, short stories and grammar and composition for the school children of the faculty. This is only the first Phase of the activity being initiated by the Rotary Books for the World and The Hashoo Foundation. The second phase will be soon started and University of Haripur expects to the awards of additional books for the library.

Fig 11

Selection Process

This is the most critical and important part of the program. The target of the entire activities is to support the most deserving students who, though has the good academics, yet couldn't continue his or her studies due to the lack of the finances.

The activity is started well before the commencement of the admission process through advertisement in newspapers. The aim of this campaign is to outreach the prospect scholar who is eligible for taking admission in the course of his but couldn't do so because of financial constraints. This is equally useful for those students who have secured admission in the universities but, now, facing acute problems to support their education any further.

The head of the university / institution is responsible to nominate the focal persons who are further liable to carry out the campaign. All the stake holders- parents, guardians, community and the students must be aware of the availability of the scholarships.

After the advertisement campaign, as the scholarships applications are announced, the informed is displayed on the notice boards, websites and banners are displayed at prominent places. When the application process is complete the next critical phase is of selecting the students. The selection for both need and merit based scholarship programs is based on assessment of their need and merit through interviews by an experienced committee. There are two types of committee which are assigned different types of scholarships.

1. **Institutional Scholarships Award Committee**

This committee is constituted according to the format of Higher Education Commission. The committee is responsible for the shortlisting of students of Needs Based Scholarships offered by HEC Islamabad, German Government and French Government. There are total nine members in the committee whose each status as per HEC format is Head of the Institution i.e. Vice Chancellor, 2 senior faculty members, two eminent scholars, 2 members from the community, HEC representative and one secretary from University.

Student Affairs Committee

The students affairs committee is responsible for the need and merit based selection of institutional scholarships as well as of offered by donors and foundations. The selection committee is approved by worthy Vice Chancellor and constitutes HoD Management Sciences, HoD Agriculture, Deputy Treasurer and Deputy Provost.

Future Plans

The initial phase of the Financial Aid Program occupied most of the time in consolidating, organizing, and maintaining the record in establishing the Financial Aid Office. The objective was to organize the activities / scholarships and to provide to the students, parents, and faculty the point of contact for their knowledge, information and concerns. The Financial Aid Office succeeded in its objectives as evident from the gradual increase in scholarships / financial Aid and is presently central to the University motto “Restoring Hope; Building Community”.

However, with the increase of students in the coming sessions, the need for financial assistance programs will grow accordingly and the Financial Aid Office has to align itself with these changes. In this respect, following objectives are set to be achieved in 2015-16.

Pursuing the Existing Contracts

To coordinate and communicate with the existence Scholarship contracts for increase in the future assistance i.e. number of scholarship slots and amount.

Future Agreements with Hashoo Foundation

To work on the agreement already in process with the Hashoo Foundation to enlist University of Haripur for the award of needs based scholarships for the fall 2015 session. Further the discussion is already going on for offering internships to the students of University of Haripur at Hashoo Foundation. Hashoo Foundation has a well-organized program for offering internships in the field of office work, agriculture and education related work.

Inclusion of UoH Students in Youth Parliament and Organization its session at UoH

To Pursue Higher Education Department for the participation and formal selection of students of University of Haripur in the Youth Parliament and to organize its session at University of Haripur.

Future Agreement with The United States Educational Foundation In Pakistan For Student Exchange Programs

To coordinate with the USEFP for introducing and guiding the students of University of Haripur for Fulbright scholarships and student exchange programs.

Tapping Voluntary and Government Organizations

To reach different voluntary and government organizations for donations towards endowment fund of the University of Haripur.

Increasing the Student Scholarship Base

The aim is to increase the financial aid such that almost by the end of June 2016, 40 percent of students of University of Haripur enjoy studying under the financial aid / scholarships of different kinds.

Selection Process of Application

The
